## Combo Pets!

Congratulations to  
Melissa Deer the winner  
of the APA minority  
scholarship.

Introducing the beautiful Bella, the Lamb family's bun-

# Combo Pets.....

Meet Mighty Gus, the Lindeman-Shackleford household

Little Chachi was truly the first baby of the Villaseñor family. Now she is coming on 7 years old, but still quick on her feet and just out of the boys'

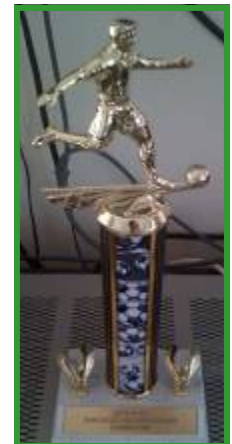

Shayna Davis doesn't have one yet, but when she does it will be a

Picture not shown. Lets not forget Melissa Deer's handsome and quite athletic ca-

## Code Green Soccer

Dismal is probably the most accurate word to describe this season. After being crowned the champions of the men's over 30 E league Code Green has moved up to the ferocious D league. Faced against countless injuries and a growling resident schedule the Code Green has had a less than winning season. However, we are on the up wing with two consecutive wins and both the "Shack Attack" Shackleford and the "Bull" Villaseñor scoring hat tricks in the last game.

The question remains, will this championship trophy be a relic of the past for our Code Green?

# Where Are We Now?

After a wonderful bonding month on the NBMU Kelley and Dorothy will be splitting ways. Kelley is headed to FM wards while Dorothy will stay to do another two month of psychiatry.

Kristy will be headed back for some more outpatient surgery

Vanessa is crossing over to ADTP. One of my favorites

Shayna and Melissa are settling into their 3rd years roles.... I think this will be a good one. :)

Kurt is recovering from a growling two weeks of nightfloat, moving on to CAPs, and looking forward to more soccer.

The Shack Attack will be bouncing around from Kaiser Peds then Derm then Night Float. Good Luck Shack!

Luis is still the "Godfather" of the NBMU

David is on his way for an rural family medicine elective in Eastern Washington

## Wednesday Morning Didactics Schedule

*"You don't know  
you're wearing a  
leash if you sit by  
the peg all day"*  
Mike Parenti
